Beaded Gecko

1 You begin at the nose of the gecko.

2 Place a coloured bead in the middle of the cord.

3 Take the opposite end of the cord and thread it through your black beads.

4 Pull the cord tight and thread 3 beads onto one end of the cord.

5 Take the opposite end of your cord and thread it through your three beads previously threaded

6 Thread on 2 beads onto one end of the cord.

7 Take the opposite end of your cord and thread it through your two beads previously threaded.

8 To make a leg, place 3 coloured beads and 3 other coloured beads.

9 Skip 3 beads and go back through the 3 beads.

10 Follow the main diagram until your gecko is complete.

11 Open jump ring use flat nose pliers and attach your gecko to your mobile charm or key ring.
